

Moistureproof Cabinet

- Good load-bearing performance
- Excellent sealing performance
- Strong corrosion resistance
- Mobile with brake casters for easy movement and fixation, LCD ultra high brightness digital display
- Independent display of temperature and humidity, long service life, humidity can be set with memory function, no need to reset after power outage
- Using high-temperature flame retardant materials to eliminate safety hazards
- Off white represents a conventional moisture-proof box, while black represents an anti-static moisture-proof box
